

# CONTENTS

## **Instrument Engineering, Metrology, Information-Measuring Instruments and Systems**

<b>Qin Zihao, Podchezertsev V.P.</b> Influence of Design Features and Gas Filling Parameters on Dynamically Tuned Gyroscope Characteristics .....	4
<b>Fedotov Yu.V., Bullo O.A., Belov M.L., Gorodnichev V.A.</b> Experimental Research into Laser Method for Detecting Plant Stress .....	21

## **Informatics, Computer Engineering and Control**

<b>Kivva K.A., Rudakov I.V.</b> Recursive Image Part Search Algorithm Complexity Estimation .....	33
<b>Karpenko A.P., Sotnikov P.I.</b> Modified Classification Method of Multivariate Time Series Based on Shapelets .....	46
<b>Chesnokov V.O.</b> Predicting Attributes of User Profile in Social Networks by Analyzing Communities of their Ego-Network .....	66
<b>Zhuravlev V.F.</b> Uncorrect Problems in Mechanics .....	77
<b>Deon A.F., Menyaev Yu.A.</b> Uniform Random Quantity Generator using Complete Vortex Array Technology .....	86
<b>Serov V.A.</b> Adaptive Fitness Functions in Evolutionary Game Control Optimization Models in Structural-Complicated Systems .....	111

## **Aviation, Rocket and Space Engineering**

<b>Prut'ko A.A., Sumarokov A.V.</b> On the Loads on Multipurpose Laboratory Module Construction Elements During the Autonomous Flight Phase .....	123
